Задание 1

Write a short article about your favourite celebrity. Write 80-100 words.

Follow the plan:

- Which celebrity you would like to meet
- What country she/he was born
- What she/he is famous for
- Whether you find celebrities' life difficult
- If you would like to be famous

Примерный ответ на творческое задание:

I have always wanted to meet my favourite singer Avril Lavigne. She was born in Canada. As a child she sang all the time. Lavigne learned to play the guitar and composed own music when she was a teenager. Nowadays, she is popular for her unique style which blended rock and punk music.

In my opinion, it is hard to be a celebrity. Being famous means having a really busy schedule and no private life. Fans, paparazzi follow celebrities everywhere and every time.

I would never like to be in their shoes. I want to live my own independent life. **(100 слов)**
