**Задание 1**

**Write a short article about clothes and fashion. Write 100-120 words.**

**Follow the plan:**

- What kind of clothes are in fashion now
- What kind of clothes you usually wear
- If colours of clothes affect your mood
- If your parents make you wear clothes you don't like
- Whether you go shopping during the sales

**Примерный ответ на творческое задание:**

Nowadays, for many teens fashion is extremely important. It is fashionable to wear cotton, viscose and silk dresses, leather jackets, skirts and trousers.

Personally, I don't pay attention to what my peers wear. I prefer casual clothes. I wear colourful cotton T-shirts and torn jeans on a daily basis. However, on special occasions I put on an extravagant silk dress and some jeweled accessories.

By the way, I adore bright colours as they improve my mood. Red, yellow and green make me feel attractive, energetic and self-confident.

As for my parents, they let me wear what I like. My mum and dad fully share my fashion tastes. During end-of-season clearance sales we go shopping and enjoy the moments spent together.
